

Thursday November 13, 2025

3:00 PM - 6:00 PM Eastern

3Pillar Global HQ Office in Fairfax, Virginia

EARLY ACCESS TO STARTUPS

Be among the first Cyber Security Leaders to discover, evaluate, and influence the future of cyber security in the DMV area.

CYBER BUYER® and **The Cyber Breakfast Club®** extend an invitation-only opportunity to a select group of Cyber Security Leaders for this private event.

With limited spots available, only a select handful of cyber security leaders will be granted access to this exclusive event, offering rare, insider access to Cyber Security Startups in Stealth Mode / Pre-Seed, Seed, and Early Stages. This is a unique opportunity to engage directly with the most innovative SaaS Security Startups and help shape the future of cyber security solutions before they hit the mainstream.

Why Attend?

- **First Access:** Hear directly from pioneering cyber security startups as they present the latest solutions addressing today's most critical security challenges.
- **Authentic Engagement:** Participate in candid discussions and provide real-time feedback to emerging vendors.
- **Shape the Future:** Explore opportunities to become a design partner and early adopter, gaining a strategic edge for your organization.

Who Should Register?

- **CISOs** (Chief Information Security Officers) at U.S.-headquartered organizations with 1,000+ employees in the DC Metro Area and DVM Region.
- **Security Leaders** evaluating the newest SaaS Security solutions.
- **Innovators and Early Adopters** seeking to partner with SaaS Security Startups as customers and design partners to strengthen their organization's security posture.

Agenda

3:00 PM - 4:00 PM - Panel Discussion

Topic: AI for Security and Security for AI

We will explore how CISOs can harness AI for stronger defenses—while securing AI itself against emerging threats. AI is transforming cybersecurity, discover how to defend with it, and how to defend it.

4:00 PM - 5:00 PM: Startup Pitches with Q&A

Topic: Early Access - Meet The Security Startups Leading The Future of Innovation

Join us for a special access session with real-time startup pitches that spotlight breakthrough solutions shaping tomorrow's cybersecurity landscape.

5:00 PM - 5:30 PM - Networking

Break: Cyber Connect Networking Session

Take a break and enjoy some food and beverages while networking with startups and peers.

5:30 PM - 6:00 PM: Social with TEDx Style Talk

Topic: AI Security at the Crossroads: Defending and Defining the Future

A Ted Talk-style conversation with CISOs and cybersecurity leaders on how artificial intelligence is transforming both defense and risk in the digital era in a relaxed setting over appetizers and beverages.

Registration & Approval

To ensure a high-value experience and peer connections, all registrations will be reviewed. Approved registrants will receive an official email confirmation.
